Dear Parents, Guardians and Stakeholders:

We would like to thank the volunteers who are scheduled to assemble KN95 masks over the next few days. We are thinking that after this round, we will not need further help with this project. Your assistance has been greatly appreciated and we will be sure not to order that type again. We will let you know as volunteer opportunities arise.

For the past couple of weeks, our biggest concern has been funding for staff hazard pay when they are working in houses with positive COVID-19 cases. Today, it was announced that for the months of May and June there will be a **25% increase to our base adult residential funding levels**. While this doesn't cover our increased costs, it provides flexible funding to offset the increased staff and supply expenses. We are extremely grateful to our state officials for recognizing this priority.

We continue to manage the cycle of houses having staff and/or people we serve test positive for COVID-19. The people we support and our staff continue to do extremely well given these difficult circumstances. Your continued support of our staff is appreciated – both the moral and financial support.
