Dear Families and Stakeholders:

The state has issued in-home visitation allowances for our residential programs after October 1st. We will continue to work with families to make arrangements for those who cannot take their loved ones home for a visit as the weather gets colder. Families who do take their loved ones home will be asked to continue visits in that manner. We will establish visitation protocols for those families who cannot take their loved ones home or offsite.

We understand that many families want to be able to enter the homes and check on the status of the bedrooms of your family members. We will continue to support virtual check-ins, but in the interest of safety we will not be facilitating families entering common areas – other than visitation areas to be identified in specific programs - or bedrooms.

On October 1st we will transition to surveillance testing with our children's and adult services staff. We will meet and exceed the testing frequencies established by The Executive Office of Health and Human Services. [Click here to see the guidelines.](#) We have received testing kits and will work with our staff to best support them through these testing cycles.

As usual, if you have any questions or concerns please reach out by emailing Contact@AmegoInc.org.

We look forward to connecting with you next week on Wednesday, October 7th at 5:00pm.

President and Chief Executive Officer
