Dear Community Member,

Amego, Inc. is a private school, adult day and residential program for vulnerable children and adults with autism and other developmental disabilities. Amego’s employees serve these individuals 24 hours per day, seven days a week. Since this care and service cannot be interrupted, even during the current pandemic, as well as during severe weather and other emergent conditions, and since Amego is not accessible via public transportation, Amego requires essential employees to make every reasonable effort to come to work by way of their usual means of transportation.

*In Governor Baker’s guidance for businesses he defined the following sectors as providing essential services, which may remain open. Healthcare and human services facilities such as Amego, Inc. are on the Governor’s list as being essential to the public.

Essential services and sectors include but are not limited to food processing, agriculture, industrial manufacturing, feed mills, construction, trash collection, grocery and household goods (including convenience stores), home repair/hardware and auto repair, pharmacy and other medical facilities, biomedical and healthcare, post offices and shipping outlets, insurance, banks, gas stations, laundromats, veterinary clinics and pet stores, warehousing, storage, and distribution, public transportation, and hotel and commercial lodging.

Although these businesses may remain open, the Baker Administration continues to encourage them to employ social distancing practices, and encourages citizens to be thoughtful in their visits.

Please allow the holder of this letter, an essential employee, to proceed to the Amego, Inc. site they work at to ensure the safe and uninterrupted delivery of care to those we serve.

If you have any questions, please contact our Vice President of Human Resources, Amanda Carriere at 508-455-6406.
